## GERMAN SUBMARINE REPORTED MISSING

**Sunk a Small British Cruiser, But Has  
Not Returned to Her Base--Carried  
a Crew of 27 Men**

(Special to The Herald)  
Berlin, Sept. 7.—The Admiralty announced today that the submarine U-27 had sunk a small British cruiser about August 10, but the U boat has not yet returned to her base and it is believed to have been lost. The location of the sinking of the English cruiser is officially reported to have been west of the Hebrides Islands.

which lie off the northwest coast of Scotland. The U-27 belonged to the class which was constructed in 1912. Her displacement was 310 tons and she had 1500 horsepower. The vessel was capable of making 17 knots an hour on the surface and 12 when submerged and was equipped with 3 torpedo tubes. Her crew is supposed to have numbered about 27 men.

## AEROPLANE MEETS WITH DISASTER

**Lieut. J. C. Morrow Is Now  
in Semi-Conscious Condi-  
tion as Result of 200-  
Foot Fall.**

(Special to The Herald)  
Washington, Sept. 7.—An army aeroplane carrying Lieut. J. C. Morrow and Private E. K. Henkryk fell 200 feet while reconnoitering over Brownsville, Texas, and was smashed to pieces. Gen. Funston reported to the war department today. Lieut. Morrow is now in a semi-conscious condition and the full extent of his injuries is not known. The private suffered a broken cheek bone and badly lacerated knee. He will recover.

## PRESIDENT WILL TAKE NO ACTION

**In Case of the Hesperian, Tor-  
pedoed Off Irish Coast, for  
Some Time to Come.**

(Special to The Herald)  
Washington, Sept. 7.—President Wilson will take no action in the case of the Allen liner Hesperian, torpedoed off the Irish coast for some time to come. It was stated in official circles that the administration sees no present need to question the good faith of Germany or to believe that her promise that "hers" will not be sunk without warning has been violated. Official reports have been asked for from Ambassador Page at London. Ambassador Gerard at Berlin will also make a report.

## TWO PERSONS VICTIMS OF BOMB THROWING

(Special to The Herald)  
Paris, Sept. 7.—The third week of the terrible Franco-German artillery duel opened last night with undiminished violence. Both the opposing armies are keeping up a continual combat with big guns from Flanders to Alsace. German aviators flew over Gerardmer Monday and this morning and threw bombs. The first attack was without result; in the second two persons were victims.

## PORTSMOUTH FAIR SCORES SUCCESS

**Attracts Upwards of 7,000 People Who  
Witness Fine Horse Races and One  
of the Best Exhibits of Stock  
Ever Seen in This Section**

The First Annual Portsmouth Fair is a success and a great big success. Any and all of the 7,000 or more people who attended the opening day yesterday will agree on this point. The courage of the members of the Southern New Hampshire Agricultural and Fair Association, officers and directors and their faith in the support that Portsmouth and Portsmouth people will give to such an enterprise, has proved beyond the least benefit of a doubt, to have been well founded.

The association is to be congratulated on every feature of the big undertaking beginning at the point when the big throngs started to enter the grounds until the last one departed for their homes. The police service was commendable and the fact that there were no accidents from the great number of autos and horses and carriages which were jamming into the grounds.

More than 200 automobiles were parked inside the track under the direction of the Portsmouth Motor Mart. The fair was formally opened at 10.30 in the morning by Mayor Harry B. Yeaton. He was introduced by F. W. Hartford, who made a short address to the thousand or more assembled, speaking of the aims and intentions of the Southern New Hampshire Agricultural Association, what they expected to do with their fairs in future years.

Mayor Yeaton spoke briefly about the enterprise and in a few well chosen words, declared the First Annual Portsmouth Fair formally opened. The Portsmouth City Band, under the direction of Howard S. Kneeland, formed at the gate and marched to the

center of the grounds from where they played the opening numbers of their concert. They later took their position in the band stand, erected to the right of the judges stand, inside the track.

The time of the guests of the association was fully occupied from their arrival until the starting of the first race at 2.15 o'clock. In looking at the cattle and farm exhibits, the exhibits of the work of the "housewives" by the several Granges about Portsmouth, inspecting the horses and the stables, seeing the latest in farm machinery in operation, and with the attractions on the "Midway." Everywhere the scene was one of gaiety and action. There was no room for a dull moment and when tired of looking at the different exhibits there was the band concert to listen to.

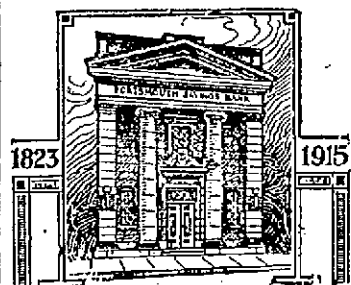

The first race, the Free for All, was called at 2.35 by J. Perley Putnam of York, as starter. The judges, clerk of the course and timers were in the stand ready for the afternoon's work. The judges were Horace Wiggin, T. J. Flanagan and William McGinnis. Timers, Charles Allen, W. A. Condon and James Quill. Clerk of the Course, Dr. S. E. Griffin. Secretary, Theodore Law. Stables were in charge of the racing committee of the Portsmouth Driving Club, Joseph Hett, chairman, assisted by Daniel Mahoney.

The races were about the best that the driving club has held this season. They were close and were run off with little or no delay between the heats. H. E. Yeaton, driving Ibrahim Houghton in the Free for All against the field

## STEAMER DICTATOR TORPEDOED

(Special to The Herald)  
London, Sept. 7.—The Harrison liner Dictator, a vessel of 4,116 tons, has been torpedoed and sunk by a German submarine. Lloyd's report on the destruction of the steamer says that the crew was saved and landed today.

### SMALL SAVINGS

Among the great men who have been notably successful in a financial way, there is not one who in his youth was not a firm believer in small savings.

It is a wise plan to follow such examples and to save all you can reasonably spare for use in the future.

We welcome deposits in any amount, large or small.

## RUSSIAN AND GERMAN FORCES ENGAGED

**Berlin Says Fleeing Russians  
Have Been Overtaken and  
Forced Into Battle.**

(Special to The Herald)

Berlin, Sept. 7.—Russia's retreating army has apparently been overtaken by the pursuing Germans and forced into battle, the general staff reported today that a conflict is raging at Walcowisk, 45 miles southeast of Grodno. Fighting is going on in the city of Walcowisk, an important railway junction, and extends to a point 25 miles southwest of Chomlin. It is through this region that the center of the Russian army had to retreat after its abandonment of the Grodno-Brosk-Litovsk front.

Still farther to the southeast, where the German troops are advancing along the edge of the Priet marshes, they have driven the Russians out of their position at Khomsk and Drogichin in fighting on the Ros river, a tributary of the Nieman. Gen. von Gallwitz captured 1,000 prisoners.

## EMPEROR NICHOLAS TAKES CHARGE

(Special to The Herald)

Paris, Sept. 7.—Emperor Nicholas has taken over the command of the Russian army. Whether this will result in the complete elimination of Grand Duke Nicholas is not yet known. Apparently the Czar's action is kept a close secret in Petrograd because the first intimation of this action came in a personal dispatch from the Russian

### REPORT RECEIVED FROM AMBASSADOR PAGE

(Special to The Herald)  
Washington, Sept. 7.—The state department today made public the following cable from Ambassador Page at London: "The Hesperian sank at 6.41 this morning (Monday) near where torpedoed. No further loss of life. All-lan line officials report no American passengers. Two American stewards escaped uninjured. Both were below when torpedo struck. The total loss of life will probably be about 20."

## MR. PARTRIDGE URGED TO STAY

Because of the unusual success gained by the Rev. W. M. Partridge, who has been occupying the pulpit at St. John's Church in this city for the past six months, and the evident high regard in which he is held by the parish, Bishop Edward M. Parker of New Hampshire has written him, urging him to accept the call and remain here as the permanent rector. Mr. Partridge read the letter to his congregation last Sunday morning and announced that he was about to take a month's vacation and that he would consider the call while away.

It is known that Mr. Partridge likes Portsmouth and realizes that the work here is the kind that he likes and the kind that needs a strong man. In speaking of the matter to a representative of this paper a few days ago he said, "I hate to leave Portsmouth and the church here, but it is a question in my mind whether I am the man for the position or not."

## ANNOUNCEMENT

The following prices f.o.b. Detroit, effective Aug. 2, 1915:

Ford Runabout	\$390.00
Ford Touring Car	440.00
Ford Town Car	640.00

No speedometer included in this year's equipment, otherwise cars fully equipped

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to Aug. 1, 1916.

## Profit-Sharing with Retail Buyers

On August 1, 1914, we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914, and August 1, 1915, we would share profits with the retail purchasers to the extent of from \$10 to \$50 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-1915 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date. We are, however, confident of our ability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September and October, 1915.

# DUMBA ADMITS PLAN TO TIE UP MUNITIONS

## Austro-Hungarian Ambassador Says That James F. J. Archibald Was His Dispatch Bearer to His Government.

Lenox, Mass., Sept. 6.—Dr. Constantin T. Dumba, the Austro-Hungarian Ambassador, admits that James F. J. Archibald, the American correspondent, was a dispatch bearer to his Government, and that the letter written in New York on Aug. 20 with regard to proposals to tie up the manufacturing of munitions in Bethlehem and in the middle west was a bona fide despatch to Foreign Minister Baran in Vienna.

Dr. Dumba also confesses that an attempt to embarrass the munition plants by calling out men of Austro-Hungarian citizenship has been discussed, and that very likely, in the event this is done, a labor employment bureau will have to be organized to take care of the unemployed Hungarians, and it was this proposal that Archibald carried with him.

Dr. Dumba says there has been no conspiracy and that articles looking toward calling out all of the men of Austro-Hungarian citizenship from plants making war supplies have been printed in newspapers published in foreign languages in New York and elsewhere. As the responsible head of his Government in the United States, he has sought to show to men of Hungarian birth and citizens of Austria-Hungary that employment in arms and munition plants, where the product is to be used by the allies, is a felony in their country and that workers in plants are liable in Austria-Hungary to long terms of imprisonment or penal servitude for rendering vital assistance to their enemies.

He will explain to Secretary Lansing.

Dr. Dumba this afternoon sent a telegram to Secretary of State Lansing, asking for an interview in Washington on Tuesday, at which he will explain the exact import of his despatch which Archibald carried. He will leave Lenox tomorrow morning for New York, and expects Secretary Lansing will grant him the interview on the following day.

Dr. Dumba, in speaking to a newspaper man, said yesterday:

"There are thousands of working men in the big steel industries, natives of Bohemia, Moravia, Carniola, Galicia, Dalmatia, Croatia, Slavonia and other peoples of the races from Austria-Hungary who are uneducated and who do not understand that they are engaged in a work against their own country. In order to bring this before them, I have subsidized many newspapers published in the languages and dialects of the divisions mentioned, attempting in this way to bring their felonious occupation to their attention. But this has been difficult.

Says His Countrymen Here Are Slaves

"In some of the great steel plants of Pennsylvania these uneducated men of my country are nothing more or less than slaves. They are even working them twelve hours a day, and herding them within stockades. It is difficult to get at these workers except en masse, and a peaceful walk-out of these workmen would be of the greatest advantage to my Government, as well as an indemnity to themselves.

"It is my duty as the representative of Austria-Hungary to communicate and make known these facts to the Imperial Government, and in so doing I am performing the service for which I am sent to this country.

"The despatches, or letters carried by Archibald contained nothing more than a proposal that we attempt to call out the workmen of our own country from these steel and munition works and provide for them other employment. To do so, money would be necessary and a labor employment bureau would have to be organized. This is one of the things I shall bring before the Secretary of Labor and Commerce when I am in Washington this week. This seems to me to be a peaceful and entirely satisfactory means of preventing the making and shipping of war materials to our enemies.

"My letter which Mr. Archibald car-

ried does not contradict Mr. Bernstorff for his people and the great bulk of those who make up our Austro-Hungarian races are entirely different types.

## CARIVAL OPENED AT HAMPTON BEACH

The first annual carnival under the auspices of the Hampton and Hampton Beach board of trade, opened yesterday under the most favorable weather conditions. The beach wears a gala appearance, all of the hotels and many of the cottages being handsomely decorated. The illumination at night is very fine, thousands of colored lights being used for the purpose. Monday's crowd at the beach was the largest in its history and was estimated between 35,000 and 40,000. The day's program consisted of a base ball game, band concerts, exhibition of aeroplane flying by J. Chaucery Redding.

The evening program consisted of a grand illumination and opening of confetti battle, followed by a display of fireworks. The carnival will continue the remainder of the week and tomorrow will be known as children's day and the program includes a baby show and parade. There is a lively contest for the queen of the carnival, eight well known ladies being entered for the honor.

## INJURED BY MOTOR CYCLE

Charles Christensen of this city is at the Portsmouth Hospital as a result of an accident on the Sagamore road last night. He was walking towards Portsmouth when Sherburne Wendell, a young man of this city was going towards Rye on a motor cycle. In some way he became confused and deliberately ran into Wendell, although Wendell, who was not going at a fast rate of speed, did all that was possible to avoid the collision.

The accident happened just after Wendell had crossed the Sagamore bridge. Wendell made the injured man as comfortable as possible after the accident and came to the city for a physician. Dr. Towle responded to the call and had the man removed to the hospital. Several people witnessed the accident but all hold Wendell entirely blameless.

Christian Christensen passed the week-end and holiday at his former home in Portland, Me.

## AUTOMOBILE AND MOTORCYCLE IN CRASH ON MONDAY

An automobile owned and driven by James Slaughter of Grove street, Lawrence collided with a motorcycle owned by L. A. Packard of Brockton, at the junction of Congress and Fleet streets Monday afternoon. The motorcycle was badly wrecked. Mr. Packard and his brother had a narrow escape from serious injury, as the impact of the automobile pinned their machine up against the curb, the former escaping with only a slight injury to his knee.

## Frye Family Held Annual Reunion

The first reunion of the descendants of Daniel Frye, who was born in Eliot, 1785, was held yesterday at the Frye homestead in Eliot, now occupied by Joshua L. Frye. About 50 were present from Somerville, Lexington, Cliftondale, Dorchester, Wakefield, Portsmouth, Rochester, Bliddeford and Eliot, the oldest being John Frye, aged 93 of Rochester.

E. Clinton Frye of Portsmouth presided. At noon a basket lunch was served. The exercises were opened with prayer by Horace E. Frye of Portsmouth, followed by an original poem by Susie Sheppard Raitt of Eliot, singing and recitations. It was voted to hold another reunion here in 1916.

The original poem by Susie Sheppard Raitt of Eliot was as follows:

### THE REUNION

From north to south, from east to west  
The white winged missions speeding,  
Called to the wandering children  
In silent accents pleading,  
Come back! come back! The old home calls

Come back to hild and hearth  
Come to the birthplace of your race,  
And spend the day together.

For you the sun shines warm and bright  
For you the summer fingers,  
For you the old home looks the same,  
Though time's unresting fingers,  
Have changed things over just a bit,  
Since those days long gone by,  
When the old far meadow the voices,

Of the children of Daniel Frye.

But still an air of calm content  
At lives well lived  
And deeds well done  
Falls like a benediction here  
In tones of peace  
At get of sun

The birthplace of a goodly race  
That does the right and fears no ill.  
A birthplace like a beacon set  
Here on the summit of a hill  
A type that makes the nation grand  
A fearless and a loyal land.

And the reunion here today,  
Is but a symbol of the great reunion  
Growing silently  
From mesa to sea, from state to state  
Until one family and one mind  
With stars and stripes unfurled  
Steady and strong, the nation stands  
Ready to face the world.

Mrs. Raitt's response to the invitation was as follows:

We'll meet you there  
At the old home place,  
With the old home folks once more,  
And while the golden sunshine flecks,  
The mountains and the moor  
We'll tell the legends of bygone days  
Of endeavor firm and high,  
Of fortune's needs,  
And the knightly deeds  
That honor the name of Frye.

## The Beef Question.

When it is considered that in the year ended June 30 there was exported from the United States more than 306,000,000 pounds of beef, as against less than 33,000,000 pounds in the preceding year, it is a wonder that domestic prices were not more troublesome than they have been. It certainly should put an end to the claim that the high prices of meat are due to the fact that production is not keeping pace with the increase in population. It cannot be successfully maintained that a country that can feed its own people and export more than 306,000,000 pounds of beef in a year is lacking in production entirely sufficient for all the needs at home.

Yet in spite of this showing, which is little less than astounding, and for which the European war is doubtless largely responsible, the claim continues that the price of beef in this country is fixed by the law of supply and demand at home; that the real trouble is that production is unable to keep step with a steadily increasing consumption.

However, a larger production of beef would be a good thing for the United States, for even if it did not bring down the price such exports as these figures show help to enrich the country, and thereby everybody in the country is benefited either directly or indirectly. The larger the exports of any commodity the better, so long as our own people are not pinched in the process of supplying the rest of the world. But it is hard to make people believe that beef prices would not be more moderate in this country if it were not for the immense exportation of beef and cattle.

It is believed by some that portions of the South will in time become important beef producing sections, and there would seem to be no good reason why this should not be so. Kentucky has long been famous as a horse-growing state, and where horses can be successfully raised beef can be produced to advantage. There is no reason why a "blue-grass" steer should not be as choice as a "blue-grass" horse.

In any event it is time to stop worrying about the inability of this country to supply its people with meat. When it can do this as well as it has been done the past year and export the quantity that was sent abroad we may grumble about prices if we please, but are in no position to complain of a shortage.

In New York state alone there are more than 212,000 automobiles registered, showing an increase of nearly 60,000 in the past year. Without doubt there has been a proportionate increase in most of the other states, and yet there are those who insist that times are hard and money is "tight." The automobile trade does not indicate such a condition, notwithstanding the fact that to a greater extent than ever before the purchase of an automobile now may mean business rather than mere luxury and pleasure.

The directors of the Panama-Pacific exposition have done well. They started in with a debt of nearly \$1,000,000, every cent of which has been wiped out. It is a splendid record. When the European war broke out it was feared it would have a disastrous effect on the exposition, but apparently it has worked right the other way. The enterprise has been a grand success as a big show, and all will be glad that it is sound at the financial end.

The vice president of the Chinese republic has resigned. Perhaps, after all, China is becoming Americanized faster than the United States is being "Chinified." It is not, of course, an American habit to resign public office, though we have a conspicuous instance of that sort of thing once in a while.

The egg labeling law passed by California when importations from China began has been pronounced unconstitutional. The courts are evidently of the opinion that eggs after having traveled as far as from China to the United States should be in a condition to speak for themselves.

The Panama canal has done a good year's business in spite of the frequent mud slides. What may not be expected if the time ever comes when the banks settle down to business instead of settling into the big ditch?

A Boston financial authority says money is a drug in New England. Those who find it hard to obtain can charge the trouble up to the federal drug law, according to this hypothesis.

The strained relations between this country and Germany have been eased to some extent. And it was Germany that did the easing.

Business is better and Secretary McAdoo says the United States treasury is in good condition. Cheer up.

They are all fall weddings now, but in the estimation of many it takes October to produce the "real thing."

## CURRENT OPINION

Martial Spirit Is an Absolute Requisite to National Vigor and Growth.

It seems to me that the peace movement has been started upside down and that the only true way to establish a permanent peace is by a combination of peoples like the English speaking race—the United States, England, Scotland, Ireland, Wales, Canada and Australia, with all their colonies and dependencies—who, united by all the ties which make for national unity, would through their inward strength and outward show, compel the world to submit to arbitration.

We should have then that which is lacking in all treaties or arbitration agreements, in all of the so called principles of international law a vindictive feature, a law, a rule, with a power strong enough to say "do this or avoid that" and with the means to carry international agreements into effect and execution.

The scheme to prevent war is not a dream; it is a nightmare. The philosophy of the peace gospel is to see and feel danger, but not to prepare for it. When the growlings of war are heard it is too late to prepare. Formerly it was a question of months; it now takes years to be ready.

But the great evil of the principle of universal peace is that it tends to crush the martial spirit of the people, without which the nation would soon sink into atrophy and coma. This argument is decided, not answered.

The martial spirit is misunderstood, but it is an absolute requisite to national vigor and growth. In truth, it breeds vigor and encourages growth. It is low enough now in this country. Let us raise it, not entirely extinguish it.

—By John H. Des Passes, Authority on International Law.

## BEGIN TOUR OF DUTY WITH THE REGULARS

### New Hampshire Coast Artillery Corps in Camp at Newcastle.

The four companies of the New Hampshire Coast Artillery Corps from Exeter, Laconia, Dover and this city began their tour of duty with the regulars at Fort Constitution, New Castle, today under the most favorable weather conditions. The Exeter company was the first to arrive in the city and was soon afterwards joined by the First Company, Capt. Badwell of this city, which turned out with full ranks. On the arrival of the two other companies the battalion was formed at the Boston & Maine railroad station and turned over to Major Hoyt, the commanding officer. The line of march was through Deer, Vaughan, Congress, Daniel to Broughton's wharf, where the government steamer was taken for the fort. The tour of duty will last one week and during that time the men will perform the same routine as the regulars, including target practice with the big guns. All of the companies turned out with well filled ranks and the tour of duty will without doubt be one of great benefit.

## PEOPLES' OPINION

### Old Machinist Talks

Editor:

The controversy between "Mechanics" and others over the appliances which they recommend for the handbrake is nothing short of amusing from a mechanical standpoint. "Mechanics" suggests that a relief valve be placed on the suction to prevent vaporized steam which he claims is caused by the over anxious crew in working the brakes with such vigor that a vacuum is created and the water segregates after leaving the pipe line. It looks as if "Mechanics" had queer dope, and if such action as he states is possible, why not relieve the situation by fitting out the machinery with centrifugal governor and cylinder cocks? The governor, I am certain, will check the speed of the water on the brakes and nothing but solid water will pass through the suction to the pumps. This may ease the disturbed mind of "Mechanics" and I should be pleased to hear what he has to say on my suggestion.

### NOTES OF THE FAIR

The box office was ably handled by George B. Lord, Edward H. Gray and Rev. C. A. Parker.

Police Officer Plummer H. Smith was on the gate and Clifford Pike and Charles M. Berry acted as ticket takers.

Police Officer Frederick Schreider was on duty at the ticket office.

Mark W. Anthony was in charge of the tickets for the grandstand.

Too much credit cannot be given President Fred L. Shaw and Secretary Law for the able manner in which the details of the fair were handled.

The horse racing was the best ever seen in this city and was greatly enjoyed by the large throng present.

The Portsmouth fair has come to stay and that of 1916 will be on a far larger and grander scale.

The fair was attended by many of the summer residents at the nearby beaches.

Tomorrow is Children's day and a fine program has been arranged. Children under twelve years of age will be admitted free.

There is a fine display of stock from the Rockingham county farm and Superintendent Trotter can well feel proud of his exhibit.

Arthur C. Cox and Percy D. Hersey of the Portsmouth Fire Department are on duty during the fair.

The police arrangements were in charge of Sheriff Spiney and Capt. Burke with a detail of fourteen men.

### AND JOHN KNOWS

John H. Foden was a visitor in Portland on Labor Day where he watched with great interest the handbrake contest by several machines. John knows the handbrake game from A to Z and does not hesitate in saying that if the local boys had been on the firing line with the Bureks, the judges would be obliged to hand over the big money to the gallant red shirts from Old Strawberry Bank.

## SUBSTITUTION

Substitution is the mortal enemy of the "square deal." In the long run it profits no one. When you ask for a brand by name don't take something "just as good." Go to the dealer who plays fair. ## FIREMEN HOLD FIELD DAY

### Interesting Program of Sports Run Off at Eliot on Labor Day.

The field day held at Welch's Corner, South Eliot, under the auspices of the South Eliot Company of the Eliot Volunteer Fire Association on Monday was one of the biggest events held in the town during the past summer. There was a very large attendance and the day passed off without a mishap, the program being carried out fully as previously planned.

The general committee consisted of Messrs. Charles H. Partridge, chairman; Eugene S. Paul and Trevelyn Fernald and to their untiring efforts the success of the affair is due. The committee on refreshments was composed of Messrs. A. E. Titus, Mark O'Mally and Harry Sheppard.

In the morning a baseball game was played between teams representing the firemen and another composed of Eliot All Stars. This however, proved disastrous to the fire fighters, the score being 14 to 0 in favor of the All Stars. At noon a dinner was served to the members of the fire company with the following menu:

Baked Clams  
Boiled Lobsters, Baked Potatoes  
Pickles

Bread Pie Coffee

Beginning at two o'clock a program of sports was carried out. The winners were as follows:

Shoe race—Harry Sheppard, first; Joseph Elison, second.

Tag-of-war—Team composed of Messrs. Spiney, Harlan, Huntress, Everett Cole and William Springer.

Potato race—Elsie Wood, first; Edna Gould, second.

Pie eating contest—Harry Spiney, first; Hosmer Cole, second.

100 yard dash for girls—Miss Goodwin, first; Edna Gould, second.

100 yard dash for boys—George Brooks, first; Harry Spiney, second.

The yard dash for women—Elsie Wood, first; Elizabeth Davis, second.

Wheelbarrow race—Robert Staples, and Lloyd Spiney, first; Herbert Wood and Adville Spiney, second.

Obstacle race—Herbert Wood, first; Adville Spiney, second.

Three-legged race for women—Elsie and Lillian Wood, first; Dorothy Manson and Elizabeth Davis, second.

Three-legged race for men—Adville Spiney and Herbert Wood, first; Robert Staples and Charles Plummer, second.

Bicycle race—Scott Staples, first; Joseph Elison, second.

Half mile race—Harry Sheppard, first; Adville Spiney, second.

Boat race—Everett Cole, first; Vivian Fernald, second.

During the afternoon the auto fire truck of the South Eliot Company held a hose-laying contest. Starting at Staples' store a line of hose 350 feet was run to the field at Welch's Corner and a stream on within three and a half minutes from the time of starting. The men on the truck were as follows: Captain Charles H. Partridge, Lieut. Eugene S. Paul, Hoseman Austin F. Knight, Charles Plummer, Lloyd Spiney, Harry Paul, Lester H. Tetherly, T. E. Fernald and A. E. Titus. Wilmont E. Spiney acted as time-keeper.

## NAVY YARD NOTES

### Lieut. Cassidy to be Transferred

Lieut. R. E. Cassidy, engineer officer in the Industrial Department will be detached on Sept. 20 and ordered to the torpedo boat destroyer Cushing as senior officer of that ship now at the Boston yard. In the departure of Lieut. Cassidy the Portsmouth navy yard will lose a valuable and popular officer. Lieut. Cassidy came to this station two years ago, with duty in the former machinery division and took a residence in Portsmouth. In every branch of work in his department he has never been found wanting and has at all times labored for the best interest of the yard and the welfare of the employees. He is highly respected and esteemed by his acquaintances at the navy yard and in this city, who though pleased at his advancement, very much regret his transfer. He takes with him the well wishes of every person who enjoys the pleasure of his acquaintance.

### Goodbye to the Pajamas

The department has issued an order calling in \$100,000 worth of pajamas that were added to the stock of supplies over a year ago. This comes as a result of action on the part of the sailors who have never taken kindly to this kind of a "nightie" costume. Thousands of the bluejackets appear to be satisfied with their own sartorial rig to protect them from the perils of the night and have taken the pajama as a joke. The \$100,000 of stock will be sold to the highest bidders and somebody ought to be able to corner the market for bathing trunks for the summer of 1916. The order cancelling the stock, or issue of the spangled "nighties" from Paymaster General McGowan reads as follows:

"It is requested that as soon as possible after the receipt of this letter, the

stock of pajamas carried in clothing and small stores be forwarded to the provisions and clothing depot for disposition by sale."

Reports for Duty  
Lieut. Arthur S. Dysart from the U. S. S. Kansas reported at the yard today and has an assignment in the Industrial Department.

One From Sanford  
Elmer Louis Perkins of Sanford, Me., enlisted at the yard recruiting office today as apprentice seaman.

More Electrical Work  
Additional work in the manufacture of electrical fittings amounting to nearly \$3,000 was authorized by the bureau last week. The stock is for general issue.

Looked Over Magazines  
Commander Klemann, accompanied by Chief Boatswain White made an inspection of the yard magazines today.

## MARRIED IN THE EARLY MORN

In order to make an early start on their honeymoon, a popular local young couple, Miss Marion Haley Martin of this city, and Mr. Orman Remick Paul of Kittery were united in marriage at the parsonage of the Court Street Christian church by the Rev. Percy W. Caswell shortly after the clock to the North church tower had tolled the midnight hour, on Saturday night.

The couple were unattended and the ceremony was unattended as the relatives of the couple were unaware of their act until cards were received Monday morning announcing their marriage.

Following the ceremony they hurried away and left on the 3.45 a. m. train Sunday morning for Boston where they are passing a week at the Hotel Thimble.

The young folks have been in possession of the license since early last Spring but Dan Capid did not climax the affair until the wee small hours of the Sabbath.

The bride is the granddaughter of Mrs. James M. Haley of Chestnut street with whom she makes her home and is employed as stenographer in the law office of Marvin, Batchelder and Poyer in this city. She is a graduate of the class of 1911, Portsmouth High school.

The groom is employed as clerk in Clark's Branch, and is a graduate of the class of 1910, Prep Academy. Both are very popular in the younger set and have many friends who wish them many happy and prosperous years of married life. After returning from their wedding trip they will reside on Chestnut street.

## NEW RULING MUST BE MADE AS TO ARMAMENT

### Sinking of Hesperian Will Not Involve Any New Complications With Germany.

(Special to The Herald)  
Washington, Sept. 7.—Official Washington today took the view that the sinking of the Hesperian probably will not involve any new complications with Germany. The fact that the liner was armed and was plying between belligerent ports will have a very important bearing on this government's action in the case. Incidentally it is now certain that the United States will be forced to change its original ruling as to just what constitutes an armed vessel. At the outset of the war it was announced that merchant liners might carry a gun of less than 6-inch caliber, mounted astern for defensive purposes. That ruling has been observed up to the present time but Secretary Lansing made it very plain today that he is now considering whether it must be changed.

He explained that when the original ruling was made the submarine warfare had not been developed. Now it is expected that Germany will set up as a defense in the Hesperian case that the guns which she carried prevented any attempt at visitation and search as was promised by Ambassador von Bernstorff last week. The state department has received a very lengthy report from Consul Frost at Queenstown regarding the sinking of the liner. It carries the story of the captain, the 12 American members of the crew and some of the passengers. Secretary Lansing said, however, that he did not consider it conclusive as it did not clear up whether the vessel was torpedoed.

# BIG CROWD GATHER AT THE A. O. H. PICNIC

Many Sporting Events Take Place—  
Portsmouth Beats Haverhill at Football

The A. O. H. picnic at Round Grove on Monday brought nearly 1500 people from this city and the surrounding towns together for one of the most enjoyable events ever conducted by Division 2. The program of sports was the special feature of the occasion, while dancing and other amusements helped to make the day one that will long be remembered by everybody present. Much interest was centered in the football game between the Young Bunnies of this city and the fast Celtic team of Haverhill, Mass. The contest was for the championship of New England which now can be claimed by the Portsmouth team.

The tug-of-war between the local champions of the Portsmouth Brewing Company and a team of sailors from

the U. S. S. Tacoma was another attraction that interested the spectators to a high pitch. Uncle Sam's blue-jackets were no match for the undefeated Portsmouth team, who carried off the honors in two straight pulls: the first by three inches and the second by two inches. The teams were made up as follows:

Portsmouth—P. Reagan, anchor; Connors, Cronin, J. Reagan.

U. S. S. Tacoma—Clark, anchor; Angier, Bartley, Peters.

Running broad jump—Jack Hussey, first, 19 feet 1 inch; Hickey, Haverhill, second, 18 feet 6 inches; Jere Donohue, Portsmouth, third, 17 feet 6 inches.

Top step and jump—Won by Jack Hussey, 40 feet 1 inch; Hickey, Haverhill, second, 39 feet, 8 inches; Sullivan, Haverhill, third, 38 feet, 9 inches.

100 yard dash—Won by Hickey, Haverhill; Hussey, Portsmouth, second; Duffy, Portsmouth, third.

1 mile run—Won by David Quirk; Bill Cronin, second; James Z. Flanagan, third.

The football lineup was as follows: Duffy, ff; Hussey, rw; Morrissey, goal; Flahive, fb; Conway, lb; Shea, lb; Foley, lb; Donohue, c; Leary, lw; Kinneally, ff; McCann, ff; White, fb.

Score—Portsmouth 2, Haverhill 0. Two 20-minute periods. Goal umpires, Cronin and Leary. Lineupmen, D. Quirk, D. Cronin, J. Griffin, Ed. Quirk, Thacker, Hussey and Holloway. Referee, Jack Rafferty.

The general committee on the arrangements were Jere Crowley, Dennis Kelley, John Rafferty, Dennis Carey, John Quirk, M. P. Morrissey.

Two serials you will all like. One installment each week, beginning Monday, Tuesday, Sept. 6-7.

In addition to the above our program for Monday and Tuesday will include the 11th episode in the "Read O' Strife" series and others.

**VAUDEVILLE**

Great Von Dell—An impersonator of all the great musical artists of the world. Highest priced single act playing in this section of New England. He was the hit of the bill at Keith's Palace Theatre, Manchester.

Richards and Thatcher.

Man and woman in a polite planology. Act replete with comedy.

Green, Porter, and Dean—Three men; a good singing and talking trio.

Bill entirely away from the rift and stereotype, scintillating musical acts.

Portsmouth will have a chance to see at the same time as the Boston and New York public the great photo serial drama, "Neal of the Navy," now playing all the big Boston vaudeville houses including Gordon's.

As an added attraction, starting Labor Day "The Goddess," another photo play serial with Earle Williams and Anita Stewart, will be offered. This is in addition to the regular program.

Wednesday Only—Charlie Chaplin in a two reeler. Francis X. Bushman in a three-reeler.

We are going to hold "Neal of the Navy," over for one more day so that every one will have a chance to see the start of this picture.

## HELD ANNUAL FIELD DAY IN PORTSMOUTH

The annual field day of the New Hampshire Brigade, Patriarchs Militant, was held here yesterday, Cantons being present from Manchester, Concord, Nashua, Plymouth, Dover, Laconia and other places in this state. Many of the Patriarchs were accompanied by their wives. On the arrival of the visiting Patriarchs they were met at the railroad station by the members of Canton Concord of this city and escorted to the old armory on Court street, where a lunch was served. The women visitors were taken to Odd Fellows hall where they were served a lunch by the P. M. club, the Women's Auxiliary. At 11 line was formed and the brigade headed by Brig. Gen. F. D. Holmes of Concord paraded the principal streets. At noon electric cars were taken for Rye Beach where a shore dinner was served at the Rye Inn. The remainder of the afternoon was devoted to a program of sports participated in by both the men and women. The up-state Patriarchs returned home by special train.

### TAX BOARD SITS

A hearing was held at the superior court room at the court house in Laconia Saturday before Albert G. Brown and John T. Amey, members of the New Hampshire tax commission on a petition brought by Lee Hutchins against the town of Gifford in regard to the amount of taxes assessed on Governor's Island, Lake Winnepesaukee.

PORTSMOUTH FAIR SCORES SUCCESS

### PORTSMOUTH FAIR SCORES SUCCESS

(Continued from Page One.)

showed some of the best head work that the local horse followers have seen. He took three heats out of four, trailing the Ideal Lady all the way until the last turn into the home stretch. He then pulled a little wider, coming down the stretch and under the wire only a few inches in the lead. The second heat he was defeated by but six or seven inches. The time was fast in all four heats, the first two being won in 2:13 for the mile. The Ideal Lady took second money and Ellen Brown captured third place. The first heat was driven so fast the three of the horses, Cresco, Birdie Aloy and Mudlake were distanced. In the second heat Deceiver was distanced.

The 2:30 trotting class race was almost as pretty as the Free for All. Mr. Yeaton used the same tactics to a certain extent with Mary Tipton, winning the second, third and fourth heats and losing only the first. Mary Tipton was given first money, Guyhurst second, Baron Lin third and Lella Todd fourth. Alice Dispute stayed in the race through the last heat but Sparrow was distanced in the first. Fast time was made in the second heat of this race, Mary Tipton making the mile in 2:27. Beattie Herlick, driven by Gene McCue, took the first in the 2:25 matinee races. This race went the full five heats Beattie Herlick finishing first in the second, fourth and fifth heats and taking second place in the first and third. Dan Kay took second money and Hibb Oak was third.

The summary:

The horse show in the inner ring attracted a great deal of attention. The program was as follows:  
2:00 p. m.—Class A. Best broken pair of farm horses hitched to wagon and used on a farm.  
Tuesday, Sept. 7—2 p. m., Inner Ring Exhibition of Trotting Breeds Stock. Hitched to wagon and shown to halter.

2:00 p. m.—Class A. Best stallion, any age.  
2:30 p. m.—Class B. Best broken stallion, any age.  
3:00 p. m.—Class C. Best stallion and three or more of his get.  
3:30 p. m.—Class D. Best three-year-old colt.  
4:00 p. m.—Class E. Best two-year-old colt. Pulling match between horse and two men.

4:30 p. m.—Class F. Best yearling colt.  
5:00 p. m.—Class G. Best exhibition on track to wagon, four-year-olds or under. Best brood mare and foals at foot.  
2:30 p. m.—Class H. Best pair of draft horses.  
3:00 p. m.—Class C. Match between horses and mules. Pulling match between horse and two men (Israel Schurman and Fred Worden).

3:30 p. m.—Class D. Best six horse team.  
4:00 p. m.—Class E. Best pulling pair of horses.  
4:30 p. m.—Class F. Best pulling pair of mules.  
In Class A, seven pair of horses were entered, the prizes being awarded to N. G. Manson of Greenland, first, and Israel J. Schurman second.

Class B prizes, with seven teams competing were taken by I. W. Schurman's team first, and N. G. Manson second.  
Class C. Pulling matches for horses was undecided as two teams, M. J. Griffin's of Portsmouth, and I. W. Schurman's teams tied, each pulling 5500 pounds on a drag. The team of mules owned by Toscan Parrott of Greenland pulled 2850 pounds as against 2500 pulled by Valentine Hett's team and was awarded first money.  
Valentine Hett was awarded first money for the best team of mules on points.

In the six horse hitch competition the first prize was given the Portsmouth Brewing Company, I. W. Schurman taking second.  
In the pulling match between two men and a horse the man held the horse with little trouble.  
The judges were Dr. W. D. Inglis, Harry Southern and Louis Walker. W. A. Bragdon was chairman of the horse show committee.

The list of entries in the cattle line were many and fine. Among those who put in exhibits which will be shown for prizes this afternoon are the following:

Cotton and Heavey, No. Hampton—Oxen, cattle and blooded Holstein bull.  
L. L. DeRochemont, Newington—Ayrshire herd.  
C. M. Emery, Kittery Point—Blooded Jersey bull.

J. W. Brooks, Elliot—Oxen.  
James L. Batchelder, Portsmouth—Oxen.

Fred L. Shaw and son, Greenland—Gernsey herd.  
One of the most successful balloon ascensions that this section of New England has seen was made by Professor John J. Gannon. Mr. Gannon got away at 5:15, being delayed somewhat by unfavorable winds in the early part of the afternoon. He made a very fine ascent and made his first drop at a height of about 2500 feet. His drop was a good hundred and fifty feet before the opening of his first parachute and he followed this up with three more cuts. The balloon ascension closed the program for the afternoon, although many of the visitors spent an hour or more viewing the various exhibits and the concessions on the midway that had been neglected up to then.

Today will be Naval Day, when several special features will be introduced by the officials. On Wednesday, the closing day of the fair, "Children's day" will be held. A special program has been arranged including field sports and exercises. Following the sports Mr. E. P. Condon, secretary of the Norfolk County Y. M. C. A. of Massachusetts will deliver an address to the parents on the subject of "Value of Organized Play" as carried out this past season at the Portsmouth Play Grounds. The Fair Association has made arrangements for the transportation of all the children from the play ground by automobiles, free of charge, the little ones having been instructed to be ready at the play grounds to start for the fair by 8:30 o'clock in the morning.

## TO CELEBRATE THIRTIETH ANNIVERSARY

Portsmouth Athletic Club Preparing for Gala Time on Sept. 10.

The Portsmouth Athletic Club will celebrate its thirtieth anniversary on Friday, Sept. 10, 1915. It is hoped every member will be present to participate in this particular event, which marks a long period of club life and prosperity.

The president and board of directors to whom was left the selection of location and all arrangements, have done so and following is the program:

Members are requested to assemble at the club house at 11 a. m. The "company" will be formed under the direction of Ex-President J. W. Newell with the married men on the right hand side of the line and the single men opposite.

After the usual short parade, special electric cars will be taken on Market Square for Rand's Grove, Rye Beach. A "shore" dinner will be served at the usual hour.

After dinner there will be a ball game between the married men, captained by "BUD" Woods, and the single men under the leadership of "BUD" Newell.

This game will be for blood and will be worth going miles to see.

There will also be field sports under a committee including Allan G. Robinson, J. W. Newell, Dr. B. F. Staples, to whom entries may be made.

The return trip will be made in time to reach the club house at about 7 o'clock, where lunch will be served.

### THE HERALD HEARS

That the war department should not forget that in the spirit that is being made in the army, that the Portsmouth Coast Artillery District is badly in need of the long promised barracks for the soldiers at New Castle.

That it is hard to understand why the government has purchased such very valuable land at New Castle and at the Sagamore, fitted out Fort Stark as good as any on the coast, and allowed the men to live in such shacks as those at Fort Constitution.

That four employees of the revenue office in this city who have been filling temporary appointments, have concluded their duties with the department.

That Sherman T. Newton, the proprietor of the Hotel Kearsarge got many surprises on Sunday.

That they all came on the occasion of another anniversary of his birth.

That he got the glad hand all day and many gifts from his scores of friends about the city.

That the police are keeping after the Sunday booze parties.

That rain will be the only relief the residents of Daniel street can look for in their fight for life against the dust of their highways.

That one woman says she has not had a window open in her house since the last rain.

That she would rather suffer with the heat than choke to death with the dust.

That the lower end of the street from Bow street to the navy yard ferry landing has not been touched since the heavy rains washed half of it away in July.

That a man who can navigate a vehicle safely over this thoroughfare and not be forced to call on medical aid for nervous prostration, is a wizard.

That a New York man who eloped with a woman dressed in men's clothes, ought to know who is going to wear the pants in that family.

That divorce has reached a point where it creates less surprise than marriage.

That the U. S. spends nearly \$1,000,000 for snuff yearly.

That three of the honor inspectors were in this city on Monday.

That they found nothing in the way of violation of the law that required their attention.

That "Neal of the Navy," in moving pictures at the Portsmouth Theatre is the best that has been flashed on the screen in Portsmouth for years.

That one of the present councilmen will get the majority nomination if he really wants it.

That a man's idea of economy is to save the pennies and spend the dollars.

That a lot of us can call a lie but we can't always keep it down.

That Dan Cupid is certainly on the job in Kittery.

That the early morning wedding on Sunday in which one of the young residents joined the benedict army, between midnight and 2 a. m. was food for gossip today.

That the couple were bound to pull it off quietly and they did it.

That the Jersey mosquito hasn't much on the birds with the needle-like organs that inhabit the playgrounds and breed on the waters of the South Pond.

That pajamas in the navy have been abolished.

That the sailorman and the marine never took to this kind of a "nightie"

since the government put them in stock.

That the bluejackets took this kind of a sleeping costume as a joke.

### CHIMNEY FIRE.

Fire Department Called to the Home of James Coleman on New Castle Avenue.

An alarm from Box 26 a few minutes before 9 o'clock this Tuesday morning called the fire department to the home of James A. Coleman, corner of New Castle avenue and South School street. The fire was confined to the chimney and was extinguished with only slight damage. The "all out" signal was sounded shortly after the arrival of the department.

### LOOKS LIKE KNIGHT.

Governor and Council to Appoint Him at Next Meeting.

The latest from the "inside" has it that the next police commissioner will be Frank W. Knight and that he will be appointed by the governor and council at the next meeting. Mr. Knight is at present serving as a member of the school board and his name for the police board meets with general approval.

### NOW HAS WIRELESS.

Signal Corps Installs System on Army Steamer Morrison.

A wireless telegraph system, capable of working 500 miles has been installed by the war department on the army steamer, Captain T. W. Morrison, attached to the forts at New Castle. The apparatus was installed by a crew from the signal corps. The steamer will later go to the navy yard for additional work on the mast.

### K. OF C. NOTICE.

At the regular meeting to be held this evening will occur the annual election of officers.

## GREATEST SHOW PORTSMOUTH HAS EVER WITNESSED

THREE BIG VAUDEVILLE ACTS AND THREE GREAT SERIALS ON THE BILL.

With the first installment of the great Pathe Serial, Neal of the Navy, the first part of The Goddess, an installment of the Road O' Strife, and three acts of the vaudeville, the show at the Portsmouth Theatre last night was one of the best that the management has presented to its patrons since the popular play house was opened.

Von Dell, an impersonator of all the great musicians of world fame, made a wonderful impression on the vast audience. He is a musical artist of no little merit, and his execution at the violin, the cello, saxophone and cornet, together with his make-up in imitation of the artists he was impersonating, was very fine. Although these he was impersonating are undoubtedly greater than he, and he doesn't attempt to impress on his audience that he is wonderful, his tones, both at his string and wind instruments, was smooth and clear. His numbers were well selected and he deserved the fine reception that was accorded him. His act is well worth any price in any house in New England and that fact that his is the highest paid single act playing in New England may be well understood after hearing him.

Richards and Thatcher in their pianologue scored a success. Their act is good and their comedy, although not of the class that makes one laugh like a Chaplin Comedy does, is better than merely amusing. The offering is a good clean comedy musical number, with real humor and real music.

The Symphony Trio is composed of three men singers who are numbered among the best in their line. Their harmony and voices are good and the comedy interesting. It is a little different from the usual run. The entire bill is great.

## Portsmouth Theatre

The People's Popular Play House

Vaudeville for Tuesday, Sept. 7

GREAT VON DELL—An impersonator of all the great musical artists of the world. Highest priced single act playing this section of New England. He was the hit of the bill at Keith's Palace Theatre, Manchester.

RICHARDS AND THATCHER—Man and woman in a polite pianologue. Act replete with comedy.

FAMOUS SYMPHONY TRIO—With comedy singing and talking. Four very clever men with a battery full of funny songs and sayings. Bill entirely away from the riffraff, stereotyped, so-called musical acts.

Pictures for Tuesday, Sept. 7

### COMING

TWO OF THE BIGGEST SERIAL PICTURES OUT

### "The Goddess"

Vitagraph Drama by Gouverneur Morris, featuring FASCINATING ANITA STEWART and EARLE WILLIAMS

### "Neal of the Navy"

The Pathe feature serial by Wm. Hamilton Osborne, featuring Lillian Lorraine and William Courtleigh, Jr.

TWO SERIALS YOU WILL ALL LIKE

One installment each week beginning Monday and Tuesday, Sept. 6 and 7.

In addition to the above our program for Monday and Tuesday will include the 11th episode in the "Road O' Strife" series, and others.

Portsmouth will have a chance to see at the same time as the Boston and New York public the great photo serial drama, "Neal of the Navy," now playing all the big Boston vaudeville houses, including Gordon's.

As an added attraction, starting Labor Day, "The Goddess," another photo serial with Earle Williams and Anita Stewart, will be offered. This is in addition to the regular program.

Vacation is nearly over. Time to look over the boy's wardrobe. Whatever "want" you find we can supply it from our display of new fall suits, caps, shirts, etc. Our suit showing, among other makes, includes the well and favorably known "Shuman" made suits. ## ILLINOIS WOMEN GET EQUAL PAY

The Illinois State Board of Administration has decreed that women employed in State Institutions shall receive the same pay as men where they do the same work. This decision will affect about 3,500 women employees.

The President of the Illinois Equal Suffrage Association, commenting on this decree, said: "Illinois women can vote, and students of political economy know that no class of persons in history, deprived of a voice in the government, have ever received fair treatment by the government."
